RE: Letter of Affirmation

On July 1, 1989 the San Joaquin Local Health District was absorbed into San Joaquin County government system through state legislation. The District is now known as San Joaquin County (SJC) Public Health Services. Due to the name change and recent legislation AB939 SJC Public Health Services is now required to be re-designated as the solid waste local enforcement agency, CCR Section 18052 (a). The Environmental Health Division of the County Public Health Services has been acting as solid waste local enforcement agency since May of 1977 when all six cities of San Joaquin County designated it with their City Council resolutions.

Since the City of Lodi has already designated the Local Health District on April 20, 1977, Resolution No. 4346 (enclosed) only a "letter of affirmation" to re-designate the County Public Health Services, Environmental Health Division as the local enforcement agency will be needed from your office. A sample "letter of affirmation" is enclosed.

Please return the letter of affirmation within 10 days to help Public Health Services Environmental Health Division expedite the application process.

If you have any questions please call Ed Padilla, REHS or Jim Miller, REHS of my staff at (209)468-3420.
